3. Spencer Cho
4. Luke Loera
5. Benson Nguyen

Meeting Agenda Items

- Status update on work from previous scrum meeting
- Discuss new tasks for the week

Status Update Since Last Meeting

Accomplishments:

- User login is functional, needs some more fine tuning
- Webpages better represent our final product/ has been updated

Tasks Completed:

| Task Description | Assigned to | Completed? (yes/no) |
|--------------------------|-------------|---------------------|
| SCRUM Meeting Document | Zachary | YES |
| Login backend/Admin Page | Luke | YES |
| Login Page | Spencer | WIP |
| Post Page | Benson | WIP |
| Facebook Oauth | Asim | WIP |

Before The Next Meeting

Plans:

- Working web Application pushed to heroku that is usable and handles user credentials.
- Best attempt to have the listed task assignments completed, if not we will discuss the status report next meeting.

Task Assignments:

| Task Description | Assigned to |
|-----------------------|-------------|
| Sprint Materials | Zachary |
| SCRUM document | Zachary |
| Login Screen | Benson |
| Post Screen | Benson |
| Template for backend | Luke |
| Facebook Oauth | Asim |
| Retrospective meeting | Everyone |

Minutes from Previous Meeting

Last meeting we focused more on the front end as well as the token authentications of Oauth. Spencer and Benson said they were going to focus on the frontend. Spencer would work on making the login page more intuitive, while Benson would work on the social media post page. Asim being able to get the twitter OAuth to work said he was going to focus on getting the facebook OAuth working for this leg of the sprint. Luke would continue on the backend by focusing on creating a template for the data. Zach would work on the SCRUM meeting documentation, and sprint materials as well as help with the code wherever needed.
