- Establish powerpoint presentation for Team Meeting

## Status Update Since Last Meeting

Accomplishments:

- Finished the sprint 1 material that was assigned for everyone last week, starting a new slew of tasks this week.

Accomplishments:

- Accounts registered for software we plan on using

Tasks Completed:

Task Description	Assigned to	Completed? (yes/no)
Retrospective Summary	Asim	yes
Github Release Link	Zachary	yes
Product Backlog Update	Benson	yes
Sprint Backlog Update	Luke	yes
Next Scrum Meeting	Spencer	yes

## Before The Next Meeting

### Plans:

- Try to complete these assigned tasks as best as can, if any issues come up, we can discuss/troubleshoot them in the next meeting

### Task Assignments:

Task Description	Assigned to
Post to Facebook and Twitter (if developer account is approved in time)	Benson/Spencer
Begin creating basic user interface within React	Benson
Create database connection object in Django	Luke
Create user authentication function between web app and database	Luke
Establish powerpoint presentation for Team Meeting	Zachary
Work on Frontend environment	Asim
Setup of heroku django environment	Zachary

## Minutes from Previous Meeting

- First Scrum meeting of the week, starting a new sprint of tasks. Last SCRUM meeting last week we divided up the work for the sprint 1 template that we had to turn in on 11/7. We each were assigned a subsection of the document that we completed. This week we are starting a completely new set of tasks.
